

In Asia, visit Kai-Mook and feed the colourful lori parrots yourself. Will you spot the flapping storks high up in their nests? Africa's savannah is home to giraffes and antelopes. Welcome to the lemurs' porch, close to the ring-tailed lemurs. Enchanting! In America, stroll along their boardwalk with the penguins. Australia smells deliciously koala. The world of ZOO Planckendael offers you so much more than a day full of fun.
